

It is with heavy hearts we announce the passing of Command Support Officer Deanna Corder. Deanna has been with the EMS Department since 2010 where she has worked as an EMT serving the Community. She has also been a valued member of the leadership team, served as a Detail Commander for the Honor Guard and was an active member of the uniform, equipment, apparatus, and safety committees. Deanna is well respected by all who knew and served with her. CSO Corder is survived by her two daughters. Further information about her services will be forthcoming. Please keep her family in your thoughts and prayers during this difficult time.
