Stay Cool this Summer

Keeping cool in Arizona is always a challenge. A couple of tips to help you stay safe and cool.

- Keep plastic bottles of water in the freezer. Grab them when you have to go anywhere.
- Choose lightweight cotton. It is breathable and excellent for ventilation and coolness.
- Wear loose fitting clothing.
- Plan more time indoors such as the library, walking the mall, going to a museum, or watching a movie.
- Drink 6-12 ounces of water every 15 minutes.
