Weather Outlook

To Help Control the Spread of the Coronavirus, the CDC recommends the following:

- Wash your hands often and thoroughly with soap and water for at least 20 seconds.

- Cover your coughs and sneezes with a tissue or cough or sneeze in your sleeve.

- Avoid sharing household items: drinking glasses, eating utensils, towels, bedding, or other items with a person who is ill with respiratory illness.

- Clean all "high touch" surfaces, such as, tablets, phones, keyboards, doorknobs, counters, table tops and bedside tables.

- Monitor your symptoms – seek medical attention if your illness is worsening and take steps to keep other people from getting infected.

Help prevent the spread of respiratory diseases like COVID-19

WASH YOUR HANDS
Wash your hands with soap and warm water regularly.

COVER A COUGH OR SNEEZE
Cover your cough or sneeze with your sleeve, or tissue. Dispose of tissue and wash your hands afterward.

DON'T TOUCH
Avoid touching eyes, nose or mouth, especially with unwashed hands.

KEEP YOUR DISTANCE
Avoid close contact with people who are sick.

STAY HOME
If you experience respiratory symptoms like a cough or fever, stay home.

GET HELP
If you experience symptoms of COVID-19 (cough, fever, shortness of breath), call your health care provider or local health department before seeking care.
