PUBLIC NOTICE - UPDATE

Pima-Maricopa Irrigation Project
Santan Canal 9 Construction – PMIP Lateral 28.65 Sub Lateral 28.09
Moffet Road Closure in Stotonic (D-4) area - UPDATE

The Pima-Maricopa Irrigation Project (P-MIP) canal construction continues on Moffet Road with extensive pipe installation. P-MIP will be temporarily closing Moffet Road beginning Tuesday, November 10, 2020 at 6:00 am and ending Friday, November 13, 2020 by 5:00 pm. T&T Construction will begin this part of the canal construction on Tuesday, November 10, 2020, at 6:00 A.M.

The road closure will occur on Moffet Road near Santan Day School Road and last four days. However, road shoulder work will proceed on Ironwood Road through the month of November. Updates and notifications will be provided as segments of the project get completed.

Canal construction in the area is being completed in the shortest timeframe possible.

For the Moffet Road closure, an alternate route has been set up (see attached) with a detour route for motorists beginning at Pear Road to Upper Santan Road to Santan Day School Road.

We encourage motorists to plan accordingly during the road closure to arrive safely at your destination.

- Obey all traffic control signs; they contain essential information about traffic conditions, road closures, and detours.
- Obey workers holding up traffic signs.
- Drive at the posted speed limit.
- Plan accordingly for travel time.

The Pima-Maricopa Irrigation Project appreciates your patience while the construction is in progress. If you have any questions you may contact: Kristina Morago, P-MIP Public Involvement Specialist, at (520)610-8200.
