

In keeping with Gila River Health Care's mission to provide high quality healthcare and improve the health of the Gila River and Ak-Chin Indian Communities, we are committed to meeting the highest standards of care and in doing so means reviewing all GRHC's service lines to provide our patients with an optimal patient experience.

As previously announced, GRHC continues to plan for the transition of the Emergency Department (ED). Efforts are being led by GRHC's Chief Nursing Officer, Susan Kelley and Chief Operating Officer, Derrick Glum.

Trust, integrity and collaboration are essential components sought by GRHC and are necessary to deliver the very best patient care. Thank you for your continued patience as we work to make improvements to better serve you!
