

**Gila River**  
HEALTH CARE

**“Great leaders don’t tell you what to do.  
They show you how it’s done.”**

Leading by example is exactly how Dr. Darcy Jones successfully managed the eye clinic for the last 7 years as Director of Optometry. GRHC would like to announce Dr. Jones’ departure from Gila River Health Care, effective Thursday January 24, 2019 as she starts a new phase of her career in the private sector.

Dr. Jones has served with GRHC since 2006 with passion, commitment, and accountability - initially as Staff Optometrist, and then later stepping up as the Optometry Director. She has served her patients with respect and compassion. As Director, she has worked hard to improve the patient care experience, expand eye care services, and ensure patient safety. She maintained a cohesive and dedicated team of staff and providers, all working together as seamlessly as possible to serve patients and the Gila River Community. Dr. Jones will be greatly missed.

Gila River Health Care would like to thank Dr. Jones, for her inspiring leadership and guidance, and for her drive for excellence on behalf of the patients we serve.

**Thank you, Dr. Jones, for all of your  
dedicated work over the years!**
