

Gila River Farms has just launched its new website where our customers can schedule and pay for their propane and hay purchases via debit/credit card, view job openings and fill out an application online at:

gilariverfarmssales.com

NOTE: If you need propane delivered the same day, you will need to call the office directly at 520-315-3965 to place your order, and a \$50.00 fee will be charged for same day orders.

Once you place your hay order, you will need to print a copy of your receipt and provide it to the barn staff prior to picking up your hay. If you are unable to print your receipt, stop by the farm office Mon-Friday 7:00am to 4:00pm and Saturday 7:00am – 12:00pm to pick up your ticket prior to going to the barn for your hay. Hay prices for GRIC members will be provided over the phone or at the cashier's desk during regular business hours.

NOTE: All hay orders must be picked up within 24 hours of ordering and the Farm does not deliver hay to customers.

Thank you!
