

# Stay Safe During Thunderstorms & Lightning

If you are under a thunderstorm warning:

- ✓ **When thunder roars, go indoors!** Move from outdoors into a building or car with a roof.
- ✓ Pay attention to alerts and warnings.
- ✓ Avoid using electronic devices connected to an electrical outlet.
- ✓ Avoid running water.
- ✓ **Turn Around. Don't Drown!** Do not drive through flooded roadways. Just six inches of fast-moving water can knock you down, and one foot of moving water can sweep your vehicle away.

## Stay Safe After Thunderstorms & Lightning

- ✓ Pay attention to authorities and weather forecasts for information on whether it is safe to go outside and instructions regarding potential flash flooding.
- ✓ Watch for fallen power lines and trees. Report them immediately.
