

POSITIVE COVID-19 CASES ARE RISING

Data below is for the past 4 weeks showing an increase, specifically within the last 2 weeks.

Week	Residing in GRIC: New Cases	Residing in GRIC: Reinfections	Total Positive Cases Residing in GRIC	Total GRIC % Positive Rate
5/16/2022 - 5/22/2022	21	3	24	0.9%
5/23/2022 - 5/29/2022	32	11	43	1.4%
5/30/2022 - 6/5/2022	36	25	61	2.9%
6/6/2022 - 6/12/2022	46	22	68	1.9%

Top 3 Reasons why individuals are contracting Covid-19:

1. Families are holding small gatherings with other families that do not live within their home and not following COVID-19 prevention measures
2. Individuals are attending large gatherings such as graduations and funerals etc. and not following COVID-19 prevention measures.
3. Individuals are experiencing COVID-19 symptoms but continue to attend gatherings/events

Remember to

- Get fully vaccinated and receive your booster when eligible to be Up to Date with your vaccinations
- Practice Covid-19 protocols and Physical Distancing
- Stay home, isolate, and get tested if you are experiencing any symptoms including allergy symptoms

Be safe and protect yourself, covid-19 vaccines are still available.
