**Join us to talk about the future of the transportation system. We need your input to define transportation needs now and into the future.**

The Maricopa Association of Governments (MAG) is leading the Superstition Vistas Multimodal Transportation Planning Study to develop a near-term (2030) and long-term (2050) transportation network for the efficient movement of people and goods. The transportation planning study will provide local jurisdictions the information, tools, and community input needed for developing a multimodal transportation network that meets current needs and those of future generations, as well as plans for growth and development.

**These agencies have come together to create a coordinated vision for the future:**

- City of Apache Junction
- City of Mesa
- Gila River Indian Community
- Town of Florence
- Town of Queen Creek
- Arizona State Land Department
- Arizona Department of Transportation
- Pinal County

We look forward to your input. Come learn more about the study at the Virtual Community Meeting and share your thoughts on issues, concerns, and needs for the future of transportation in the study area. **We welcome you to visit the project website and complete an online survey at <https://azmag.gov/svmtps>. The online survey will be available between June 1 and June 15, 2023.**

Pursuant to Title II of the Americans with Disabilities Act (ADA), MAG does not discriminate on the basis of disability in admissions to or participation in its public meetings. Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting the MAG office. Requests should be made as early as possible to allow time to arrange the accommodation.
