

Air Quality Bulletin

BEST MANAGEMENT PRACTICES **TO REDUCE DUST GENERATION:**

- Reduce speed to 20mph on unpaved roads
- Avoid unpaved roads where possible
- Avoid driving off-road, including short cuts and canal easements (unless work related)
- Conduct proper stabilization during & after earthmoving activities
- Limit earthmoving activities

**Report any suspicious dust activity to DEQ
(520) 562-2234 / Air@gric.nsn.us**
